EXPERIENCE

SCALEFOCUS | FRONTEND ENGINEER (REACT / TYPESCRIPT)

2024 – 2026 | Remote

- Worked on outsourced projects for small-to-mid European products.
- Built React + TypeScript interfaces for operational workflows
- Developed reusable UI components (MUI-based)
- Integrated REST APIs and handled form-heavy logic
- Focused on usability, stability, and performance
- Improved efficiency of internal tools used daily by non-technical users
- Delivered features end-to-end with minimal supervision

EXADEL | JUNIOR DEVELOPER (REACT / JAVASCRIPT)

2021 – 2024 | Remote (Eastern Europe team)

- Entered development role working on internal tools and client features.
- Built UI components using React
- Integrated REST APIs and handled data rendering
- Fixed bugs and improved existing frontend logic
- Learned structured development workflows (Git, PRs, reviews)
- Delivered initial production features
- Built strong foundation in frontend development

PRIVATE COMPANY | IT SPECIALIST

2017 – 2021 | Tbilisi, Georgia

- Hands-on generalist role covering infrastructure, support, and early development.
- Managed internal systems, devices, and networks
- Built small websites and tools
- Solved technical issues across departments

FEATURED PROJECTS

SUPRA - BOOKING | FOUNDER AND SOLO DEVELOPER

2025

- Multi-role system (customers + restaurants)
- Real-time booking + table management
- Tablet-focused restaurant interface
- Flutter + Firebase + Backend APIs

AR PRODUCT SYSTEM | DEV

2024

- Scan → optimize → WebAR viewer
- Built pipeline for local businesses
- Polycam → Blender → Three.js/WebXR

AUTOMATION TOOLS | INTERNAL / FREELANCE

2024

- Booking flows for small businesses
- WhatsApp / IG automation
- Simple CRM setups
